**BETTER
WORLDS**

**19 September 2018
Sydney**

HOW CAN COMPLEX ORGANISATIONS CREATE A TRUE CULTURE SHIFT?

If serving the public good is at the heart of your organisation, Better Worlds 2018 is for you!

Presented by AgileAus, **Better Worlds 2018** explores how complex organisations can effect tangible and sustainable change. This one-day event is a chance to learn and meet with leaders from purpose-led businesses who are grappling with the challenge of maintaining relevance and building adaptive organisations in a volatile climate.

Stephan Dyckerhoff, President and CEO of Buurtzorg Asia and China

will share how this Dutch non-profit Teal organisation is turning healthcare delivery on its head; embracing a decentralised leadership structure and empowering autonomous teams of nurses to provide in-home care to patients.

ABOUT

BETTER WORLDS 2018 - PRESENTED BY AGILEAUS

Wednesday 19 September 2018
9:00am – 5:00pm
Australian National Maritime
Museum, Sydney

Standard rate: \$550
Rate for those working in NFP
and for purpose orgs: \$275
Groups of 5 or more receive 10% off

ATTEND BETTER WORLDS TO:

- Gain the tools to create a measurable shift in your team's mindset.
- Become better equipped to respond to change and uncertainty.
- Discover how to embrace experimentation and solve problems collaboratively without depleting your workplace's resources.
- Build the value of your organisation while maintaining, at your core, a mission of positive social change.
- Hear from peers about better ways of working to lead service delivery.
- Accelerate your Agile transformation; no matter what stage you are at!

SPOTLIGHTING STORIES AT BETTER WORLDS 2018:

JOHN-ROSS BARRESI from Guide Dogs Victoria and **CHEN ZU** from ThoughtWorks on how they used IoT innovation to create a smart cane for the visually impaired.

JULIET FALLACE from the Australian Bureau of Statistics on how an Agile mindset was used to conduct the postal marriage survey.

ADAM BOAS, CTO, MyXplor on People – Process

SHERRI FIELDS Principal Manager, Research, Transport for NSW on embedding a research model into the NSW Transport agency

ELLEN BROAD, Author of *Made by Humans – The AI Condition* on ethics in data.

CLARISSA MEFFAN, Product owner, CHOICE on incorporating Human Centred Design.

ALISON CAMERON from Adaptive Cultures on enabling cultural evolution.

ABIGAIL THOMAS, General Manager, SBS On Demand on accelerating Agile at SBS.
